

LOSS PREVENTION SECURITY CABINETS

SPECIFICATIONS

**Pioneered by Folding Guard—
and still the standard in loss
prevention.**

Stand-alone Loss Prevention Security Cabinets are specifically designed to secure small- to medium-sized products where they are stored — on the sales floor, in the back room, or in the receiving area. Open mesh design allows for quick visual inspection and will not deter sprinkler systems. 8000 Series is designed to completely fit into a standard 96" wide pallet rack.

Panels 8-gauge galvanized welded wire grid with 1-1/2" x 3" openings.

Frame 2" x 2" 14-gauge galvanized steel frame

Door Industrial grade hinged doors feature built-in cylinder lock.

Shelves 4-gauge galvanized welded wire grid with 1-1/2" x 3" openings or 20 gauge galvanized steel panel.

Finish Galvanized.

Options Welded wire removeable shelf. Galvanized steel shelf. Powder coating.

Installation Pre-punched components for easy assembly.

Custom Sizes Stand-alone Loss Prevention Security Cabinets can be made to your specifications.

Architectural Furnish Loss Prevention Security Cabinets manufactured by Folding Guard Corporation, 5858 West 73rd Street, Bedford Park, IL 60638.
